| Anodising                     | 10 colours                                                                                                                                                                                                                                                                                                    |
| Packing                       | sleeve material                                                                                                                                                                                                                                                                                               |
| Diameter at the base plate    | 120 mm                                                                                                                                                                                                                                                                                                        |
| Purpose                       | for mounting surveillance cameras                                                                                                                                                                                                                                                                             |
| Finish                        | brushed anodised aluminium - anode coating thickness is 20µm as standard (coating thickness of 25µm is also possible), option of elastomer protection in column's colour up to a height of 350 mm (other height on customer's request) - the thickness of the protective coating ranges from 0.8 mm to 1.2 mm |
| Ingress protection            | IP54 for wire chamber                                                                                                                                                                                                                                                                                         |
|                               | -                                                                                                                                                                                                                                                                                                             |
|                               | -                                                                                                                                                                                                                                                                                                             |
| Ending                        | aluminum cap anodized in the color of the columns included                                                                                                                                                                                                                                                    |
| Diameter of the column ending | Ø76 mm                                                                                                                                                                                                                                                                                                        |

## TABLE OF VARIANTS

| Code  | Code       | Symbol    | Height of the column [H] | Wall thickness | Unit volume | Concrete footing / reinforcement/ basket type | Concrete footing / reinforcement basket code | Fasteners | Net weight |
|-------|------------|-----------|--------------------------|----------------|-------------|-----------------------------------------------|----------------------------------------------|-----------|------------|
